

## **How to contact Oval Safer neighbourhood team**

Our ward consists of two police officers; PC KULLMAN and PC CROWTHER who are the dedicated ward officers. Also in the team is PCSO EZE and PS KILCOURSE.

Feel free to contact us in the following ways; but always call 999 if you are not sure and especially if a crime is in progress!

**EMAIL [SNTLX-Oval@met.police.uk](mailto:SNTLX-Oval@met.police.uk)** : Our ward inbox. Feel free to report ASB, things you think we should be aware of or any questions which you may have.

**CALL 101:** For non-urgent matters that you wish to report to police.

**Tweet us and follow @MPSOVAL:** You can either tweet us publicly or "Direct message" if twitter is your preferred platform. We use twitter to spread information quickly and also update our followers on what we have been up to.

**@LambethMPS** is the twitter feed for the borough, this is a good news source for updates on what we might be dealing with and information on road closures etc following police incidents.

**Contact sessions:** We have regular contact meetings in venues such as coffee's shops and public places; which are a chance for members of the public to come and speak to us in an informal setting. These are advertised on our twitter account.

**Nearest Police Station:** Lambeth has seen a reduction in Police stations with several being closed or soon to be closed. Lambeth's nearest operational police station to the Oval Ward is BRIXTON. This has a front office which is open 24/7.

If you do not want to speak to police personally, but do want to pass on information please use **CRIMESTOPPERS.CO.UK** or ring them on **0800 555111**. You will remain anonymous and police will not be passed your details.

You can always remain anonymous when speaking to us, and can choose not to give your details to us if you wish.
