

Kennington Park Estate Tenants' & Residents' Association

Since March all our lives have been massively disrupted by the Coronavirus Pandemic.

Now we are beginning to adjust to the 'new normal', it's time to get back to business.

During Lockdown, repairs were put on hold and, while our cleaners and refuse collectors valiantly managed to keep working, we saw a big increase in flytipping on the estate as our 'neighbours' seemed to think we were an alternative to the closed Council tip, and parking enforcement went out the window.

Throughout this time your Tenants' and Residents' Association officers have been on hand to help, working on residents' behalf and with the local mutual aid volunteers to help with shopping and any other problems – such as sourcing replacement fridges and other white goods!

We have liaised with Hyde and Lambeth Council to make sure our most vulnerable residents have not been neglected; and lobbied Hyde's senior management seeking assurances that rent arrears are treated sympathetically and nobody loses the roof over their heads during such a horrendous time.

But we have missed hearing about problems first hand and getting feedback from everyone. We have undoubtedly missed out on some issues.

We recognise not everyone will be able to join in, but we are going to hold a virtual TRA meeting via Zoom on Tuesday 29 September 2020 at 7pm.

The meeting is just for residents of Kennington Park Estate (tenants and leaseholders). Please register [here](#) and make sure to include the name of your block. You will then receive an email explaining how to join the meeting.

Our Annual General Meeting is scheduled to be held on this date, and elections of our officers and block representatives will be taking place.
